LE MASSIF

The eco-friendly Le Massif brings a unique concept in Courmayeur with its two stunning locations: the hotel in the centre of the village, a stone's throw from both the resort cable car and the village's most fashionable boutiques and the chalet La Loge du Massif located in the heart of the ski slopes, with stunning views over the Mont Blanc area. The chalet offers a restaurant, a bar for the après-ski entertainment, ski club, kids club and a heated ski-room.

The hotel offers 80 rooms and suites, all with a modern-Alpine aesthetic and windows framing spectacular views. In addition to its highly professional wellness offerings and full-day kids clubs, the hotel and its chalet—situated on the slopes of Mont Blanc — are ideally located for enjoying the mountains, whether that's hiking during the summer, or skiing in the winter; during the latter season, enjoy the services of a ski concierge and ski butler.

Epicures will love Le Massif's dining options, which include a gourmet restaurant as well as a steakhouse and grill at the main hotel.
